Introduction

Thank you for starting your renewal application with the New Mexico Regulation and Licensing Department. This licensing portal will guide you through renewal requirements and allow you to save your work and return to your application to complete at a later time.

Renewals are an important part of ensuring that individuals working in New Mexico maintain accurate and current information with the Department and comply with any necessary requirements to demonstrate competency and safe practice. Fees collected from renewals are used to fund day-to-day operations of regulating the profession, including staff resources to review applications, investigate complaints, discipline licensees who have violated standards of practice, as well as other responsibilities to protect health and safety and to ensure public trust in the cannabis industry.

If you have further questions regarding licensure or the Regulation and Licensing Department Cannabis Control Division, please visit the website at www.rld.nm.gov/Cannabis. The Division's webpage displays specific requirements for licensure, renewals, public meeting information, and a direct phone number and email to support staff who can be reached for help.

IMPORTANT NOTE: Amendments to add, remove or change a premise location or function, increase or decrease mature plant count, or any other substantial changes cannot be done through this renewal application. Such changes may be requested by applying for an amendment before or after the license is renewed. Additionally, this application for renewal must be submitted by a Controlling Person. You will be required to identify all Controlling Persons. If you are not a Controlling Person of the business, you will not be authorized to submit this application for renewal.
